# AL ZAYER

## COMPANY PROFILE

## Engineering Reliable Flow Solutions for Every Project

Premium Industrial Piping, Plumbing & Building Material Solutions Since 2004

## Shaping the Future Together

With a vision focused on growth and a mission centered on customer success, we continue to deliver trusted industrial solutions that strengthen projects, build lasting partnerships, and contribute to sustainable development.

Established in 2004, Al Zayer Building Materials Trading L.L.C. is a leading supplier of industrial piping systems, plumbing products, drainage solutions, water management systems, valves, fittings, pumps, water heaters, and installation accessories across the UAE

Partnering with globally recognized manufacturers, we deliver premium-quality products, technical expertise, and dependable supply solutions for residential, commercial, industrial, and infrastructure projects

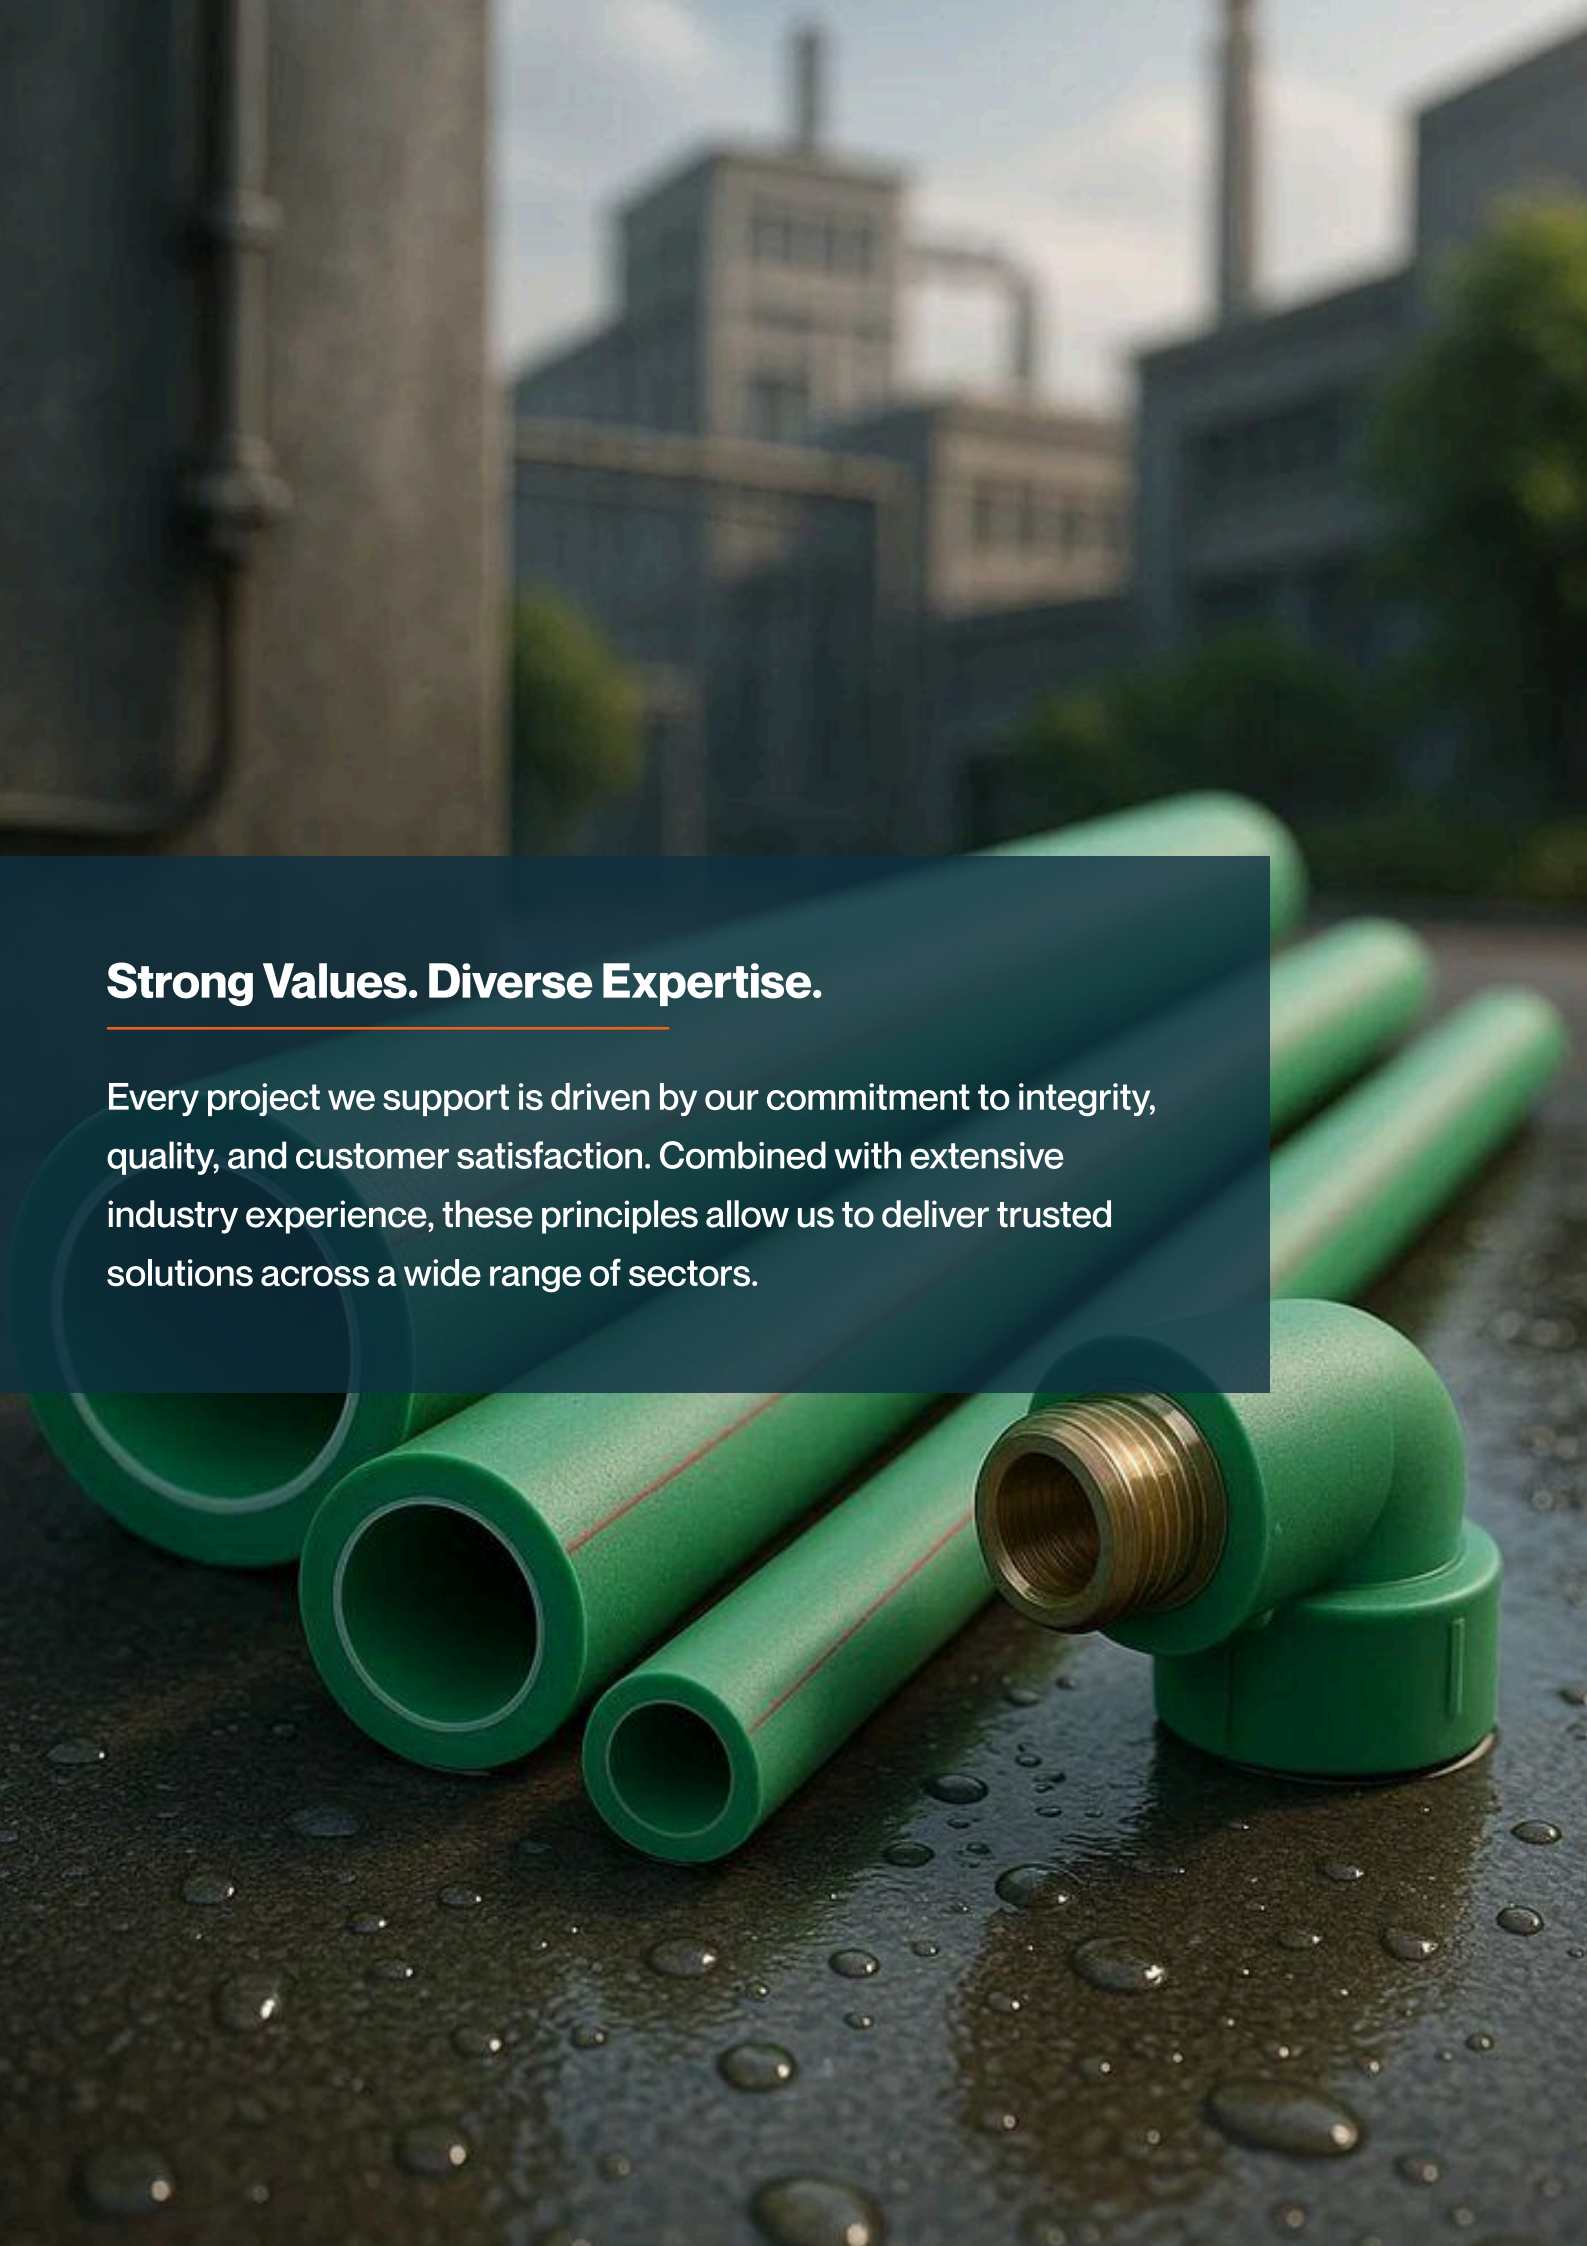

For over two decades, we have earned the trust of contractors, consultants, developers, MEP companies, and government organizations by consistently delivering quality products and exceptional service.

## Our Vision

To be the preferred industrial supply partner across the Middle East by delivering world-class products, innovative solutions, and exceptional customer experiences built on quality, trust, and reliability.

## Our Mission

To provide premium industrial piping, plumbing, drainage, and building material solutions through trusted global partnerships, technical expertise, responsive service, and reliable supply that adds long-term value to every project.

## Strong Values. Diverse Expertise.

Every project we support is driven by our commitment to integrity, quality, and customer satisfaction. Combined with extensive industry experience, these principles allow us to deliver trusted solutions across a wide range of sectors.

## The Principles Behind Every Partnership

### Integrity

Conducting business with honesty, transparency, and professionalism.

### Quality

Supplying products that meet internationally recognized standards.

### Reliability

Delivering consistent service, dependable inventory, and on-time supply.

### Customer Commitment

Building long-term relationships through responsive support and tailored solutions.

### Excellence

Continuously improving our products, services, and operational standards.

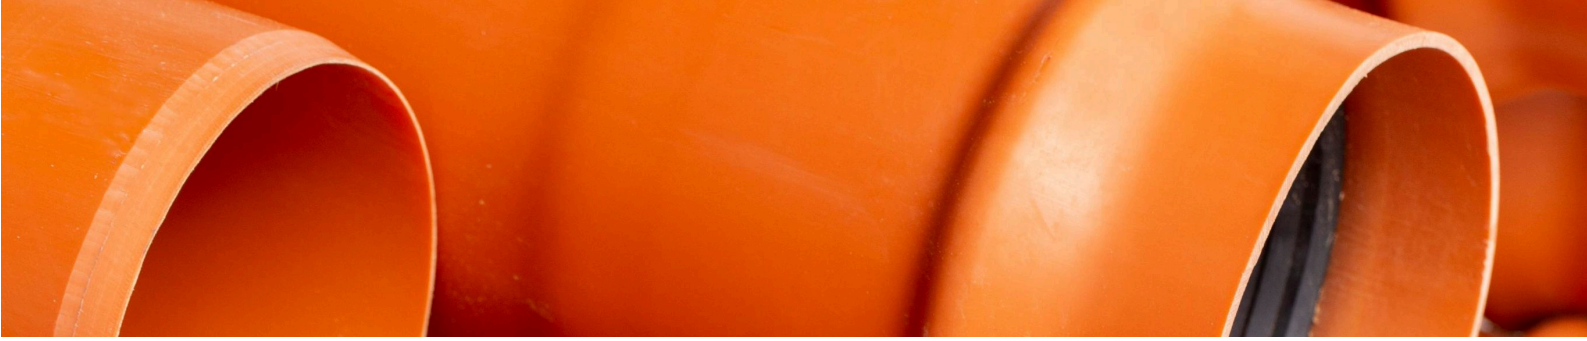

## Supporting Diverse Industries

- Residential Developments
- Commercial Buildings
- High-Rise Projects
- Industrial Facilities
- Hotels & Hospitality
- Healthcare Institutions
- Educational Campuses
- Government Projects
- Water Treatment Plants
- MEP Contracting
- Infrastructure & Utilities
- Irrigation & Landscaping

## Complete Industrial & Building Material Solutions

Explore our comprehensive range of premium products sourced from globally trusted manufacturers. Designed to support residential, commercial, industrial, and infrastructure projects across the UAE.

## 01 PVC & CPVC Pipes, Fittings & Valves

Reliable piping solutions for plumbing, water distribution, and industrial applications.

## 02 UPVC Pipes & Fittings

Durable piping systems for water supply, drainage, and sewerage networks.

## 03 PPR / PPRCT / PEX Pipes & Fittings

Advanced thermoplastic piping for plumbing, HVAC and hot & cold water systems.

## 04 HDPE Pipes & Fittings

High-strength piping solutions for infrastructure, irrigation, and industrial applications.

## 05 Soundproof Pipes & Fittings

Acoustic drainage systems designed for quiet and efficient wastewater management.

## 06 Manhole Covers, Channel Drains & Shower Drains

Complete drainage solutions for residential, commercial, and infrastructure projects.

## 07 Water Pumps

Efficient pumping solutions for water supply, pressure boosting, and industrial systems.

## 08 Electrical & Solar Water Heaters

Energy-efficient hot water solutions for residential, commercial, and industrial use.

## 09 Pipe Supporting Systems

Reliable support systems for secure, stable and efficient pipe installations.

## 10 Adhesives & Lubricants

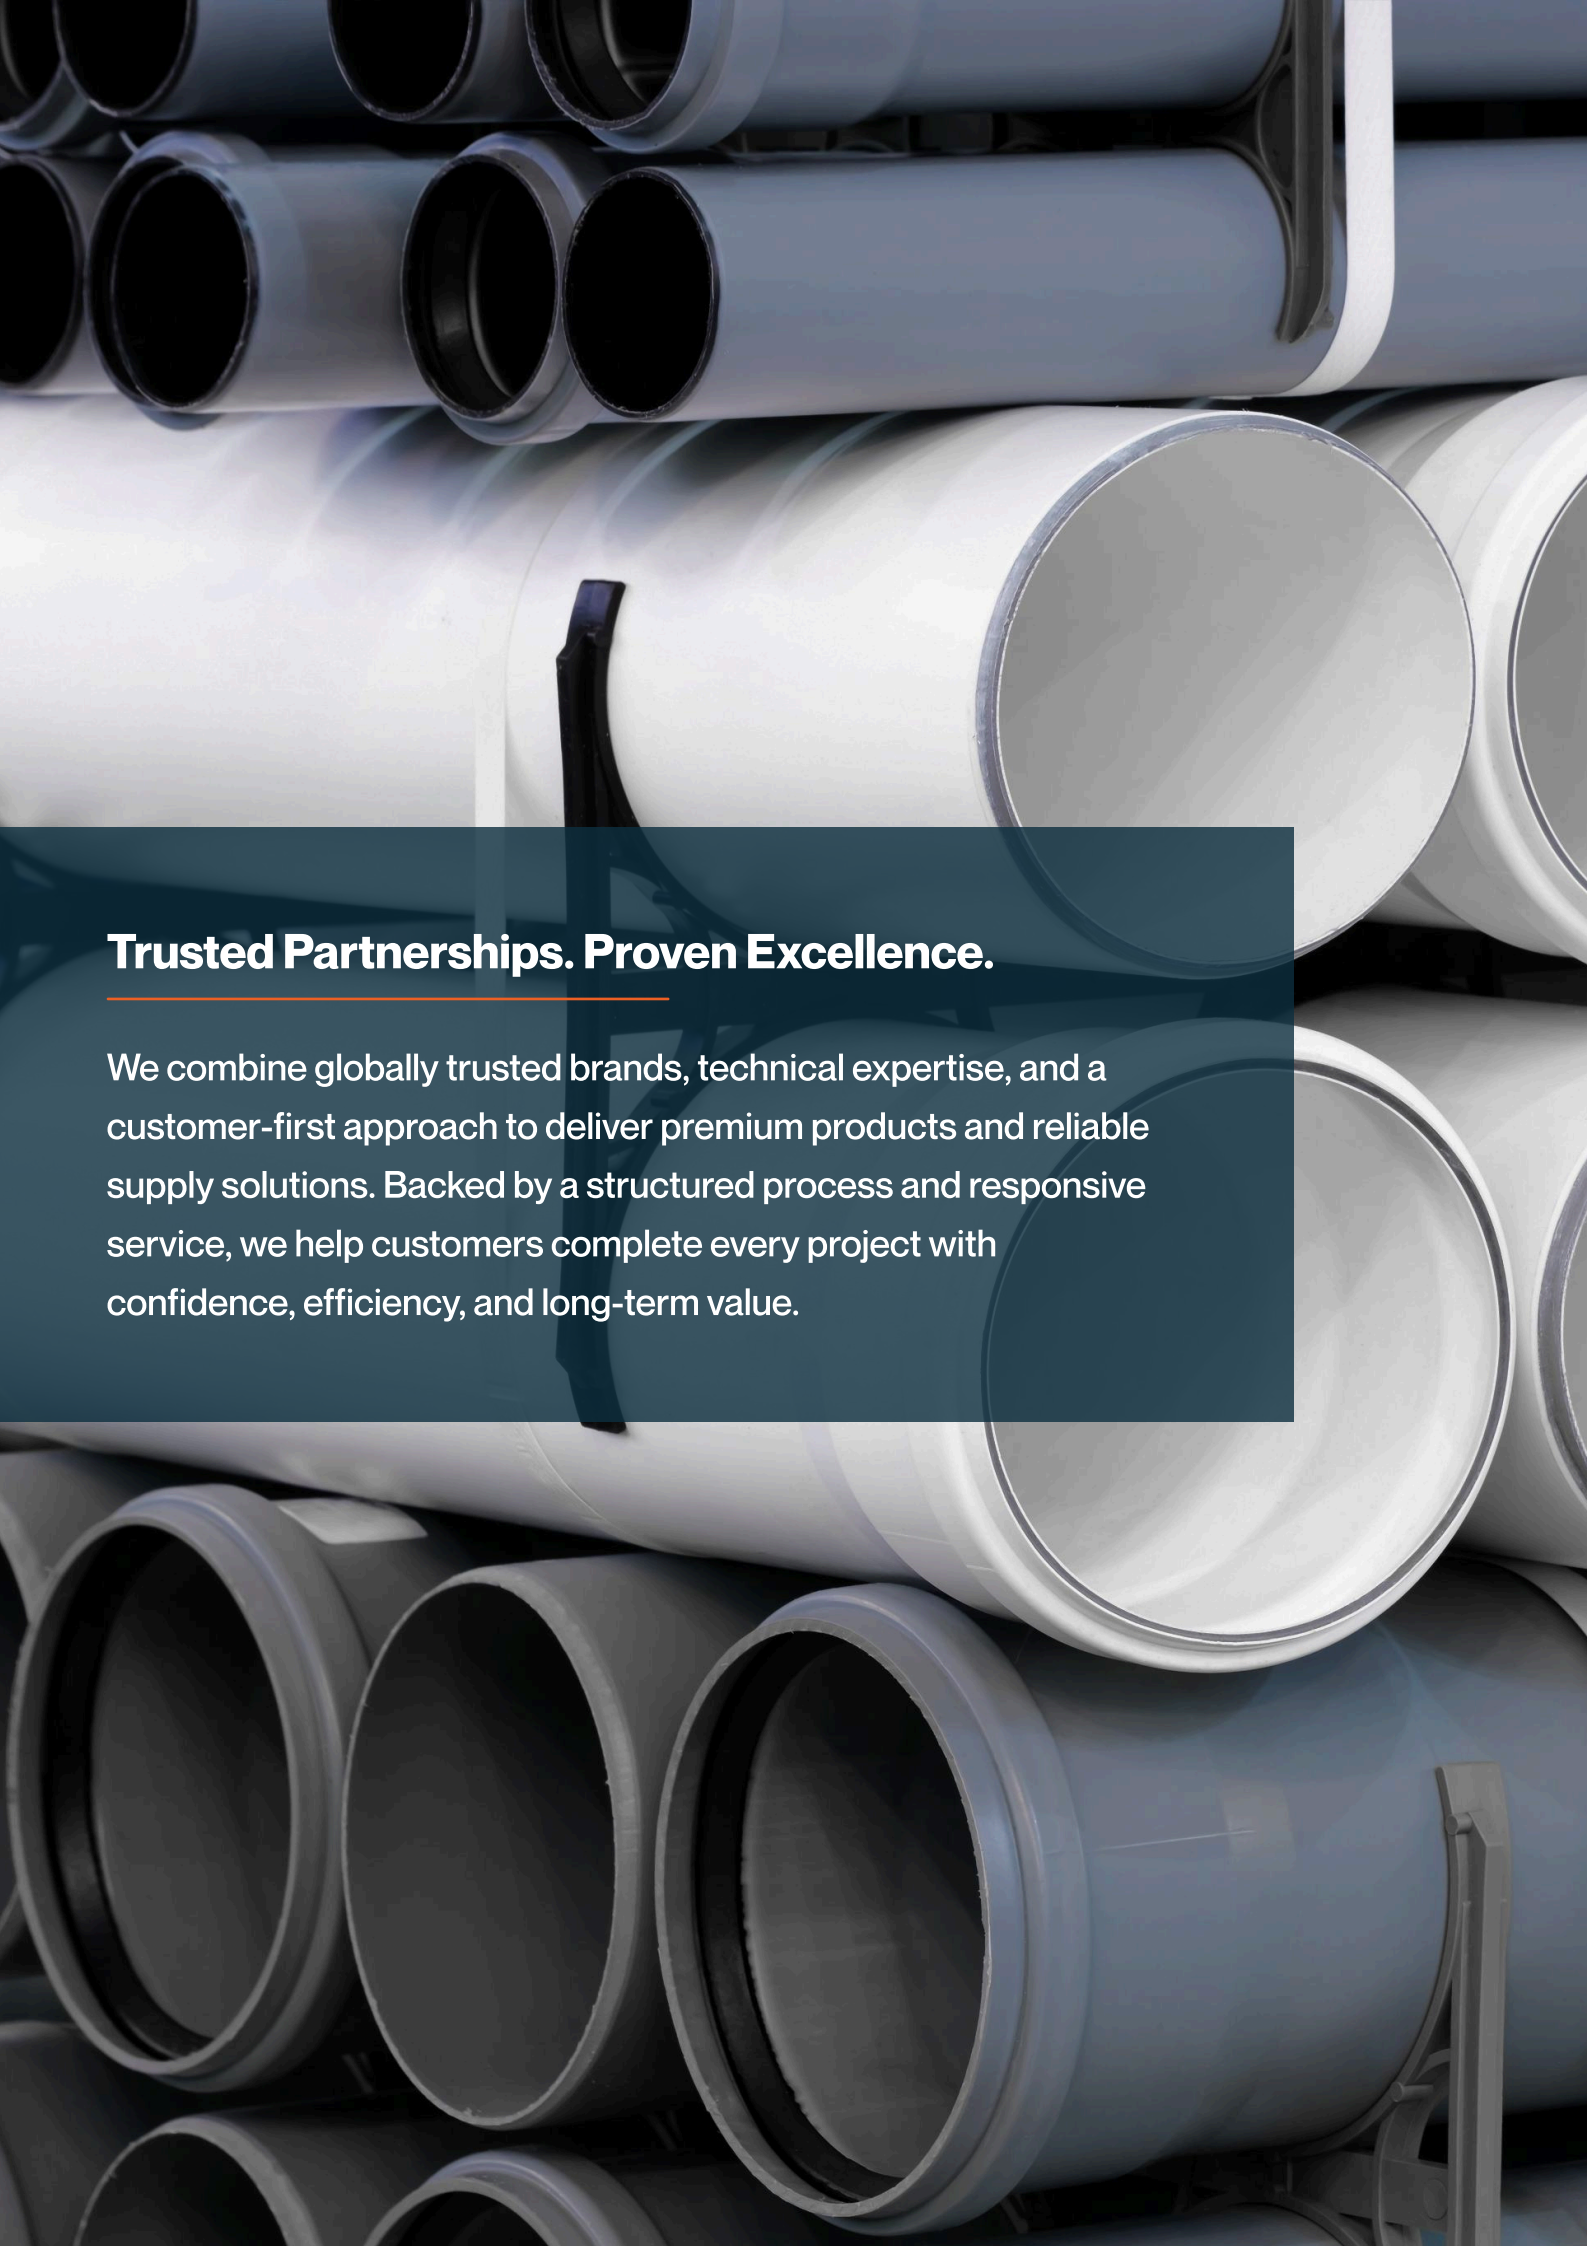

Professional bonding and sealing solutions for leak-proof piping installations.

## 11 Control Valves

Precision-engineered valves for efficient flow, pressure and system control.

## Trusted Partnerships. Proven Excellence.

We combine globally trusted brands, technical expertise, and a customer-first approach to deliver premium products and reliable supply solutions. Backed by a structured process and responsive service, we help customers complete every project with confidence, efficiency, and long-term value.
